PROFESSIONAL PROFILE

Detail-oriented Computer Science graduate from Africa University with hands-on experience in software development, AI, computer vision, cybersecurity, and IT support. Completed AI training through WIDB.Learn and currently pursuing CEH certification. Seeking opportunities to apply technical expertise in innovative environments.

CORE TECHNICAL SKILLS

Languages: Python, Java, JavaScript, C++, PHP, SQL, HTML5, CSS3

Frameworks & Tools: React.js, Node.js, Flet, OpenCV, Git, Figma, SQLite, MySQL

Core Competencies:

Software Engineering | Cybersecurity & Ethical Hacking | AI Solutions | IT Support | Digital Marketing | Graphic Design

EDUCATION

BSc (Hons) Computer Science

Africa University | Graduated June 2025
CGPA: 3.23 | Dean's List Semesters 7 & 8

A-Level

Hillcrest College | Business C, Economics D, Geography C

O-Level

Hilbright Science College | 7 Subjects including Mathematics & English

CERTIFICATIONS

WIDB.Learn Artificial Intelligence - Completed June 2026

Front-End Web Development - Google Developer Student Clubs

Certified Ethical Hacker (CEH) - In Progress (Expected 2026)

PROFESSIONAL EXPERIENCE

Computer Science Intern

Hillcrest Preparatory School | Jan - Dec 2024

- Provided IT support including hardware/software troubleshooting and network maintenance
- Assisted in digital learning by setting up devices and supporting online platforms
- Introduced basic programming concepts to students using Scratch and Python
- Diagnosed and resolved technical issues for staff and students

KEY PROJECTS

Playful Minds - Capstone project of an AI-powered educational platform using Python, OpenCV, and Flet for interactive child learning through gesture recognition.

AI-Driven Cybersecurity in Higher Education - Honours research project exploring AI applications in institutional cybersecurity.

Smart Traffic Control Simulation - Intelligent agent-based traffic management system using AI decision-making algorithms.

Farm Management System - Digital platform for agricultural record-keeping, scheduling, and resource management.

AWARDS

4th Place - i5 Hub Pitch Competition (2023)

2nd Prize - Manicaland Agricultural Show (2023)
